

DICTION

The style of writing determined by the choice of words by a writer.

The Writing and Reading Center

So the Word You've Used Doesn't Work - What Now?

Write the sentence:

Which word did you look up?

What was the original word you wrote?

In what context would that word be appropriate?

What were you trying to say?

Using the visual thesaurus or visuwords, find a better word:

Write your new sentence:
